

Dear FCC(chairman Michael Powell)

I am very concerned that the FCC is considering repealing the rules which prohibit a media company from owning both a newspaper and a TV station in the same geographic area. This would be a terrible error. How will the public hear different points of view and opinions if the news source is controlled by one company? Is that democracy? I think NOT.

This is the kind of action that is criticized in other countries. A couple of mergers down the road and maybe a handful of companies will control all the media. Its already not that diverse. DO NOT REPEAL THE LAW.
